

Name _____

Hr _____

- 4) How do our actions and preferences contribute to this food waste epidemic (we will discuss, don't worry about getting everything)

- 5) What do our expiration dates mean in terms of food safety?

Name _____

Hr _____

6) How could we make sure more of our foods get to those who need it?

7) This Thanksgiving, what steps could you take to make sure the food you eat does not end up in a landfill? If you have to throw something away, is there a way to do it without having that food create methane gas in a landfill?
